Commercial advisory supporting shipowners, ship managers, shipyards and marine service providers

ABOUT US

CONNECTING THROUGH PARTNERSHIPS

Since 2025, **Leo & Baker** assists shipowners and maritime companies in identifying suitable commercial and technical partners across **Europe, Türkiye, Middle East** and adjacent maritime regions.

By combining industry familiarity since the early 2000's, with an established network of shipyards, service providers and manufacturers, we help clients reduce search time, improve efficiency and connect with reliable partners aligned with their operational requirements.

Our approach is pragmatic, commercially realistic and focused on facilitating effective cooperation between stakeholders in the maritime sector.
